RE: FY10 LSTA Final Update: Statewide Projects

Two final FY10 LSTA reassignments, decided by the State Librarian prior to her retirement, are described below. These funds needed to be expended by the FY10 LSTA deadline of September 30, 2011.

1. \$20,121 was identified as available to put towards the total \$80,000 startup costs for the FY2012 new MSC libraries. This reduces the amount of FY11 LSTA required for those costs.
2. \$16,885 was identified as available to contribute towards the FY12 renewal of the public libraries' Heritage Quest subscription. Libraries contributed \$16,100. The cost of the FY12 subscription is \$32,985.
