## Unique Borrowers

A Custer County farmer-rancher was introduced to Montana Library2Go in May of 2024. He has checked out 53 audiobooks over the last 8 months. The bulk of these audiobooks were enjoyed during the countless hours of cutting/baling hay over this past summer and harvest this fall. He is looking forward to being able to utilize Montana Library2Go during the late nights of calving season and the long days of seeding this coming spring.
